

Comments about the manuscript:

1. There are borders around all the figures, which look a little weird because the figures are different sizes. If you can remove the borders, that would be great.

2. Reference 18: <https://arxiv.org/abs/2110.09447>

I am not sure how to properly reference arxiv papers in this format. This is the link to the paper.

The corresponding bib entry is here:
